

Minutes for Group 1;

Lab 3

This lab took place on Tuesday the 26th of September, 2017.

What happened:

- The team sat through a tutorial on Git by Akshay
- The team clarified the coding conventions document and presented it to the professor
- The professor gave the code to refactor to the team
- The team divided the code into pieces to refactor individually.

Tasks completed in the lab:

- Learned about Git
- Clarified the coding conventions
- Divided code for refactoring
